Guardian Climbing Safety Systems and Angel Wings™ Safety Systems feature a comfortable, secure, figure-eight, full-body safety harness; rope and anchor connection climbing system; and lanyards to accommodate fixed-position or climbing style treestands. Complete systems enable a hunter to be secured to the tree through all aspects of treestand hunting. No need to ever disconnect. Dynamic, fall-arresting and fall-restraining system. Also available, the EZY® U-Grip, a unique handle device gives you extra security entering in the stand when conditions are windy, and serves as a bow, gun or accessory holder.
